History

Gadha Theertha is located at Kurakalu near Belle in Udupi taluk and District.

Gadhateertha is also in the vicinity of the Junjarugir hill. It is a natural stone pond in the shape of gadabedieved to have been created by Parashurama. Parashurama to get the water, he hit the earth with his mace i.e., gada. There emerged water and left the impression of gods. It then become popularly come to be known as gadhateertha. It is one among the four theerthas in Kunjarugiri vicinity.
