History

Rangaswamy temple is a small Hoysala structure, has threekuta shrines. Constructed in 1173 AD by Buchimayya, Dandanayaka of Ballala II. The Temple has three garbhagrihas, sukhanasis and a navaranga. The central shrine facing to the east, while other two towards the north and south. The temple is a simple non ornate type. Consisting the Panjara and Koshtas on the wall. Navaranga has nine ankanas having decorated ceilings. The shikaras are typical Dravida and Kadambanagara type. The chief deity of the temple is Adideva or Adishwara in seated posture.
